

I'm getting my WINGS at the

Owensboro

mini- WINGS WEEKEND!

August 25th & 26th !

Owensboro/Daviess Co.

Airport

EARN YOUR WINGS IN *JUST ONE DAY!*

Join us for a “WINGS WEEKEND” where a volunteer flight instructor will be assigned to each pilot for three free hours of refresher flight training - one hour each of landings, airwork and instrument work. Also, pilots will attend one of several Safety Seminars to complete the Wings Program requirements. Wings pins and certificates will be awarded during the weekend! **Remember, completion of any phase of the Wings Program now also counts as a Biennial Flight Review!**

Saturday will have a full slate of Safety Seminars running all day long, and of course lots of flying with our volunteer flight instructors! Sunday will be similar to Saturday, with another full day of Safety Seminars and FREE INSTRUCTION!

You are urged to pre-register as early as possible, as this will help us in planning. The sooner you send your form in, the better your chances are of being assigned an instructor, and, if need be, an airplane! (Pilots renting aircraft at the field are responsible for their own financial arrangements with the operator.) Please help us plan the best possible event for you by letting us know you're coming!

A complete schedule of events, training curriculum, registration materials, maps and other important information will be sent to about a week before the WINGS WEEKEND! Fill out the registration form and send it in today!

Mark it on your calendar
